SENIOR DAY 1986

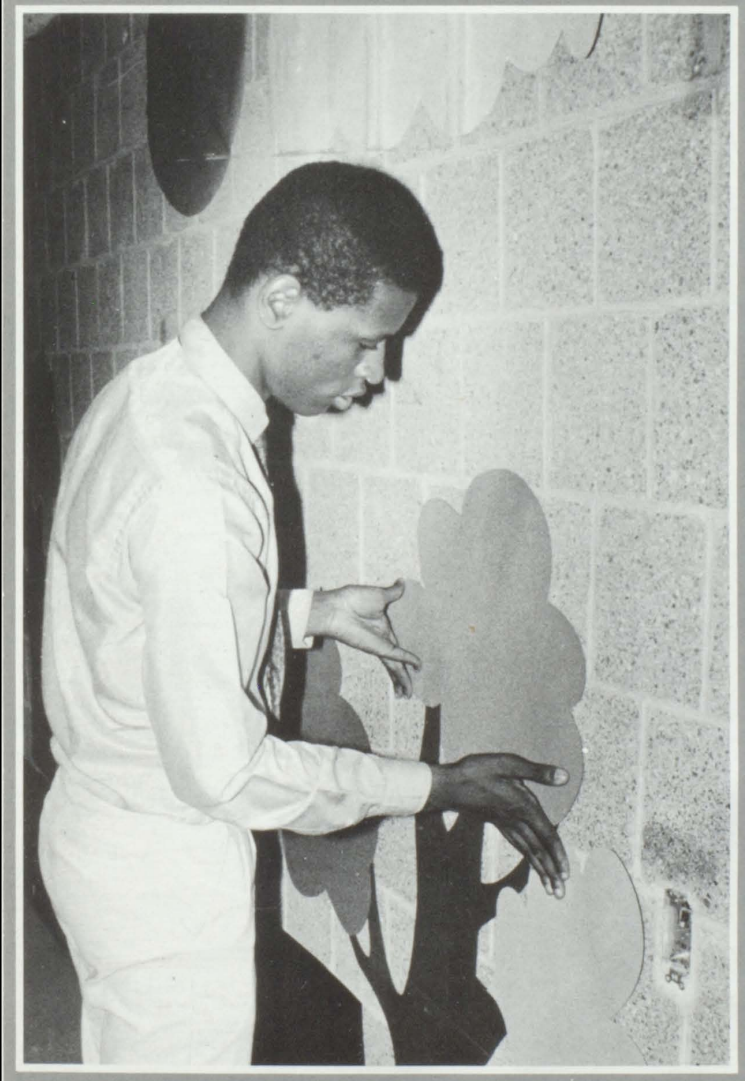

The major responsibility of the junior class is to provide a banquet for the graduating class on Senior Day.

The Class of 1987 followed this tradition in grand style. The day began with the usual awards assembly program. At the conclusion, the president of the senior class bestowed the gavel upon the president of the junior class. The seniors then marched out of the auditorium, and the juniors moved to the front of the auditorium to take over the senior seats.

The juniors then hear from the principal on his expectations of them as the leaders of the school.

BULLDOGS DOWN INDIANS

The Bulldogs defeated the Indians 18-8 in the annual Thanksgiving Day game before a crowd of 3,200.

Having bad memories of last year's 14-0 loss to the Weequahic Indians, the Bulldogs came ready to play, dominating the game from the opening kickoff.

The defense controlled the Indians' offense with senior linebackers Nate Giles, Christopher Hodge and game MVP James Dunnell.

Giles, whose athletic ability caused mass confusion for the Indians throughout the course of the game, scored one of two defensive touchdowns. The other touchdown was scored by junior linebacker Donnell Dinkins.

Quickness and aggressiveness enabled James Dunnell to make the big defensive plays when needed. Dunnell continually broke through the Indians' line denying plays to develop.

Senior cornerback John Strickland helped control the air attack allowing just one score, while defensive tackles Troy Johnson and Robert Robertson controlled the run. Robertson was hurt early in the contest, therefore, he could not continue to play.

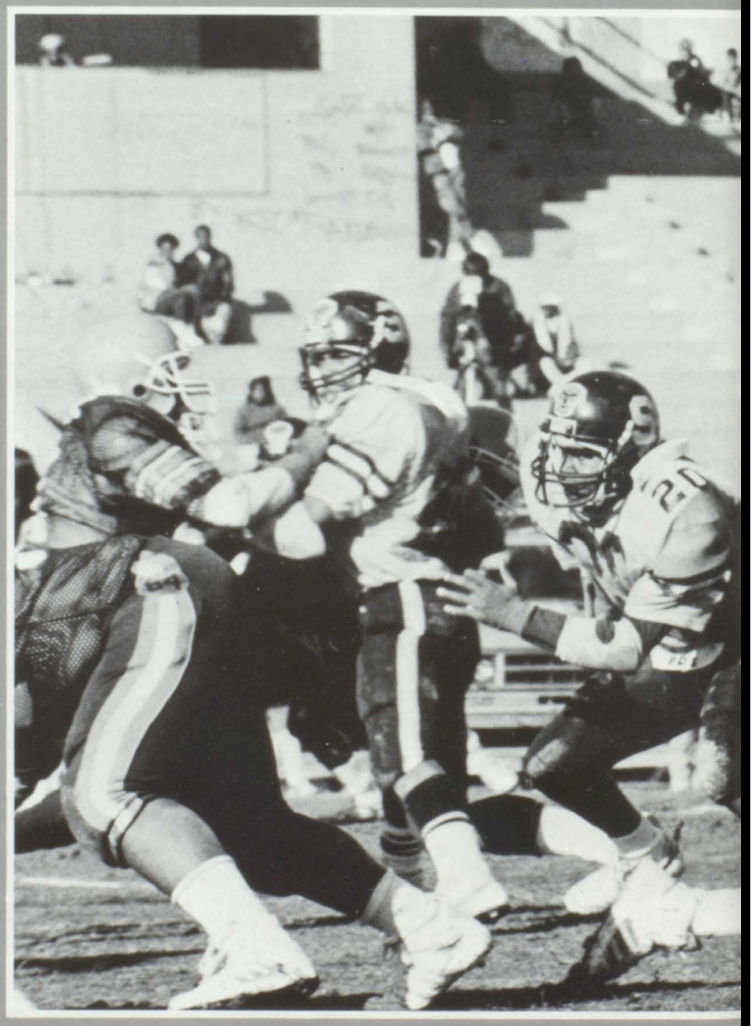

The players dedicated the game to a key defensive player Kerry Thompson, whose mid-season knee injury brought an end to his high school career.

Congratulations to the Bulldogs on a fine turkey day performance.

'87 ON WHEELS

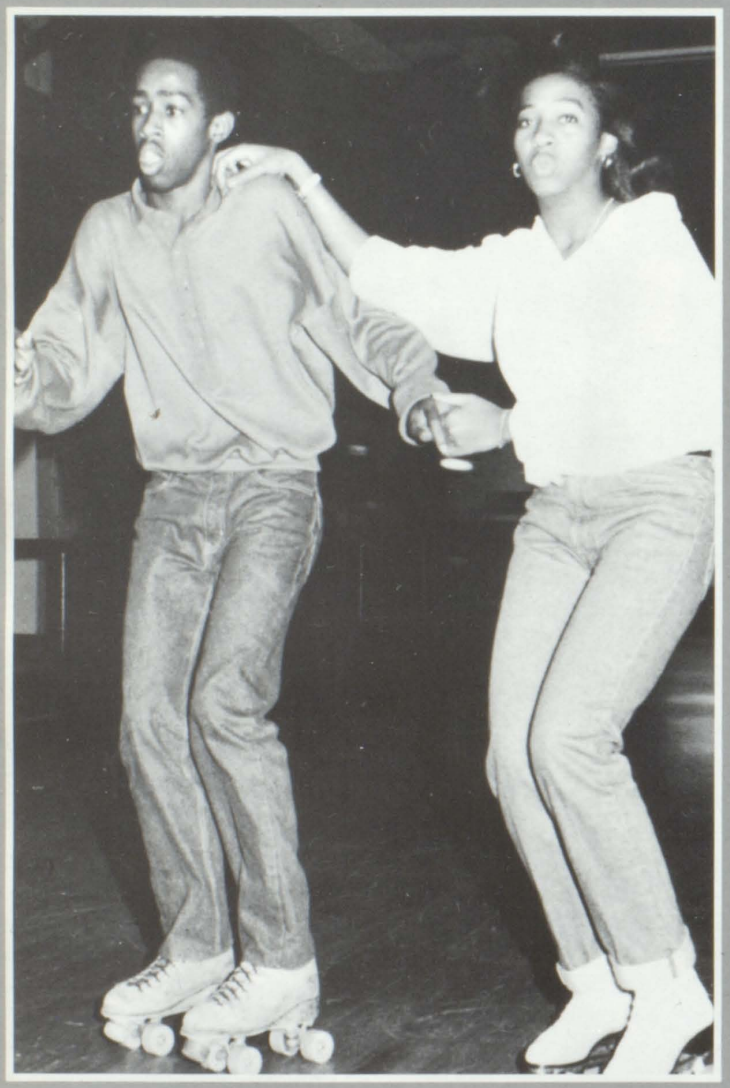

The Class of 1987, following the precedent set by former senior classes, sponsored a skating party at America on Wheels — Twin City Roller Rink.

Students began gathering early, many of them bringing their personal precision skates, in order to enjoy the evening to the fullest extent. Several faculty members were seen sliding across the floor.

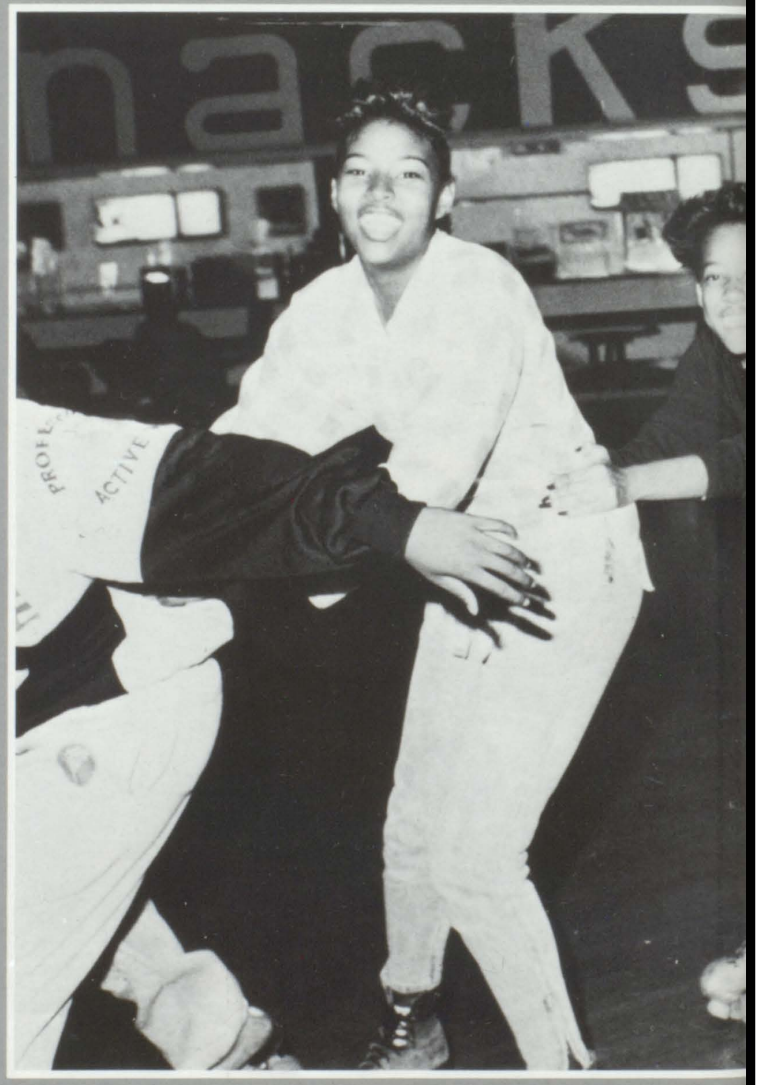

As always, when Malcolm X Shabazz get together, a good time was had by all.

CLASS OF '87 vs FACULTY

In the spring of 1986, the Class of '87 defeated the Class of '86 in the Junior-Senior Game, thus, making the Class of '87 eligible to play the faculty.

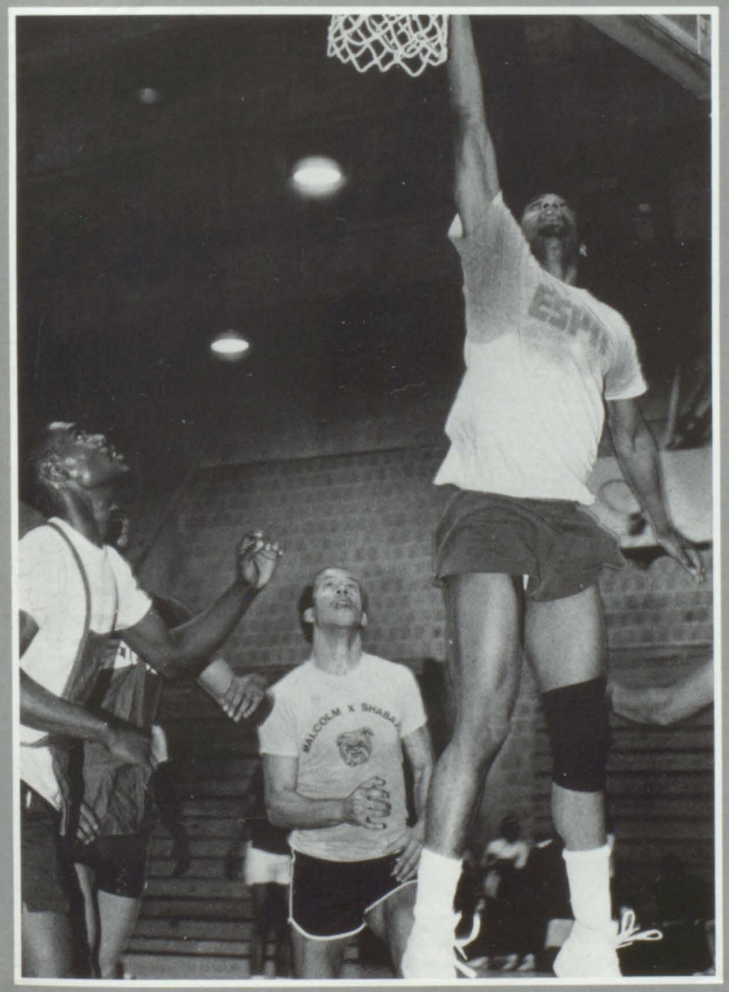

Much energy was spent preparing for this event. The juniors were coached by Anthony Avent and Robert Bethea, while the faculty was coached by Lady Bulldogs Coach, Vanessa Watson. Faculty cheerleaders were on hand to help generate a winning atmosphere.

The Class of '87 showed many people that they had some experienced athletes. They were led in scoring by Paul Stewart and Ronald Meggett. The faculty was led in scoring by Mr. Lou Grimsley, assistant coach for the Bulldogs. With his incredible shooting prowess and the ball handling skills of Mr. Mark Brown, the faculty came through as victors.

STATE FORUM

In an attempt to help seniors and career education students gain first hand knowledge about their state government, the Class of 1987 planned a state forum assembly program.

Senator Wynona Lipman and Assemblyman Willie Brown came to Malcolm X Shabazz and presented an informal discussion about the state government. Senator Lipman discussed the structure and operations of the Senate and Assemblyman Brown discussed the Assembly. Both discussed some of their key bills that were of interest to the students and that had a direct influence on their everyday lives.

The last half of the program was used by the students to ask questions to either Senator Lipman or Assemblyman Brown. The questions were constructed by Mr. Boe's History classes.

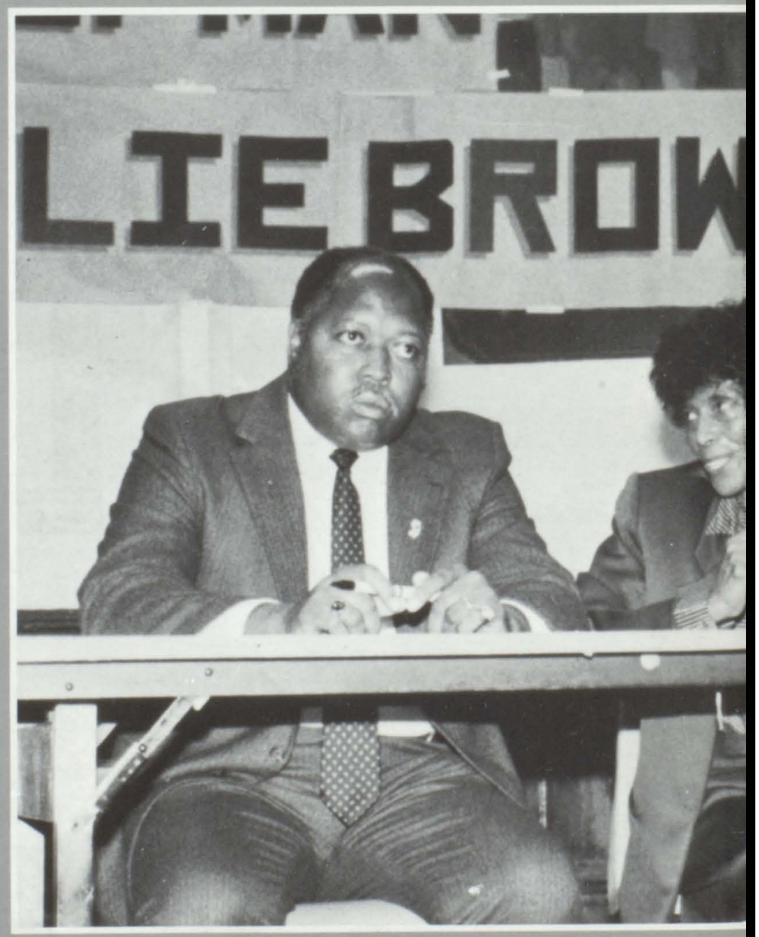

At the conclusion of this very successful program Class President Sheila Johnson presented plaques to the guests to show our appreciation for their participation.

CHRISTMAS CONCERT

The Music Department presented its annual Christmas Concert on Friday evening, December 19, 1986, in the school auditorium.

This year's concert was especially exciting because, in addition to our melodious chorus, we also were entertained by our concert band.

Melodious sounds filled the auditorium as students expressed themselves verbally and with instruments. It was very apparent that Chorus Director Doris McNeil and Band Director Richard Davies, along with their members, worked extremely hard to put on such a successful performance.

Right — *Shalonda Dunbar* mesmerizes the audience with her solo.

Principal's Message

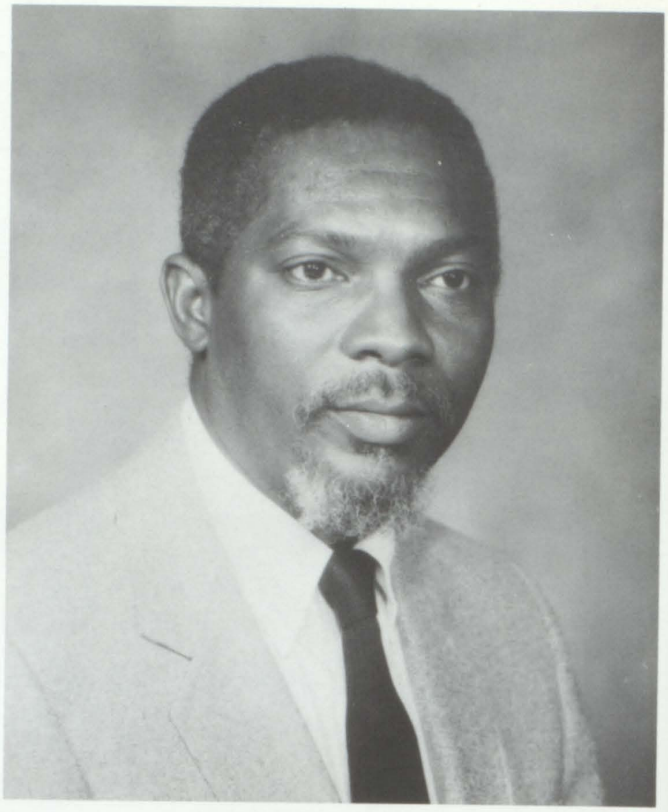

Each year we face this season. You have moved through this school these last few years preparing for your next journey. It has not always been easy. Some of you did not do your best and give it your all. Many of your friends were lost along the way. You can not look back. You must continue to go forward. You no longer will have the support systems we gave you.

You must stand and walk alone. Some of you may stumble. Some of you must crawl before you walk but you must not give up. You must have the drive and the courage to continue and never give up. Measure your life by your standards and your abilities. Never try to be someone else or live someone else's life. Life is very simple, but not perfect. Nothing comes easy but nothing is guaranteed.

I hope that we at Shabazz have exposed you to the tools you need to be a success. I hope we have taught you how to use these tools wisely. I hope you have taken advantage of all that we had to offer you. Remember to think before you act. Always weigh your options carefully and do what is best for you.

In years to come when you think of Shabazz, I hope you will have fond memories. I hope that you will always live and carry the Shabazz traditions of pride, dignity and self respect. Hold your heads high and never look back. Believe in yourself and others will believe in you.

I wish you success and a good life. Being a winner isn't everything but it's better than being a loser.

DEDICATION

MR. PAUL JOHNSON

One of the most important parts of the yearbook is the dedication. The school's yearbook should be dedicated to someone who has gone above and beyond the call of duty.

We, the Class of 1987, chose to dedicate our yearbook to **MR. PAUL JOHNSON** because of his commitment to education and his caring nature for all Malcolm X Shabazz students. Mr. Johnson has always been supportive of the Class of 1987 and eager to help in any way possible. Whenever his expertise was requested, he was very gracious and generous with his assistance. Mr. Johnson aided us in preparing for Senior Day in 1986 with some professionally made decorations. Because of the decorations, the atmosphere of the day was enhanced. His creativity also aided us in adding new dimensions to our assembly program, "The State Forum," and our Senior Fashion/Talent Extravaganza. His kindness and good spirits always come through in his work.

Mr. Johnson received his B.A. degree in Fine Arts from Newark State College (Kean College) in 1970 and his MA. in Administration and Supervision from St. Peter's College in 1985. Since 1970, Mr. Johnson has been a Fine Arts teacher at Malcolm X Shabazz. During his tenure with the board and Shabazz, he has served in the following capacities: Student Council Advisor, Jr. and Sr. Class Advisor, Yearbook Advisor, Assistant Track Coach, Recreation Teacher and Adult Education Teacher. In addition to teaching at Shabazz, he is an Art Instructor for S.T.E.P. at Steven's Institute of Technology in Hoboken.

Some of Mr. Johnson's outstanding achievements were awarded during his high school career at Burlington City High School. As a sophomore, he was granted a six-week scholarship to study at Princeton University. As a junior, he served as a student ambassador during a 3-month exchange program in Europe. In addition to his high school achievements, in 1983 Mr. Johnson was voted **Teacher of the Year** by the PTA of Malcolm X Shabazz High School and received a certificate as well as a lifetime membership to the National PTA Council.

Mr. Johnson resides with his wife, Renee, and their 4 daughters and 2 sons in East Orange, where he is very active in his church.

Mr. Johnson has helped us show ourselves in a different light. We like the best so we go to the best, **MR. PAUL JOHNSON.**

ACADEMICS

GUIDANCE DEPARTMENT

DECISIONS DECISIONS

As our students progress from adolescence to adulthood they will need to learn the art of decision making. Throughout their lives, they will have to make hundreds of decisions which will affect the degrees of success or failure they experience. By learning how to select the best choices, students can have more control over what happens to them.

To assist students in developing their decision making skills, the Guidance Department offers numerous opportunities for them to make decisions about resources and about themselves as they examine choices and select one that is the most desirable. Hopefully, by developing these skills, our students are preparing to lead lives where they know how to set their own goals, make good decisions and accept ownership for their own successes and failures.

ENGLISH DEPARTMENT
"TO BE OR NOT TO BE"

In order for an individual to become an effective, productive citizen in a democratic society, it is imperative that he or she develop functional competency in the area of communication skills.

The English Department at Malcolm X Shabazz, under the leadership of Mrs. Edna Bailey, strives to provide each student with a basic, practical, and functional knowledge of the English language and its literature by the time he or she graduates. At each level the English program builds on and incorporates the programs of previous grade levels.

Recognition of the fundamental position of communication skills and the fluid transfer of knowledge are encouraged by liaison programs with the library, social studies department, and business department formulated to assist in teaching library and research skills.

Left — **Alice Pittman** looks through card catalog to locate books needed for research paper.

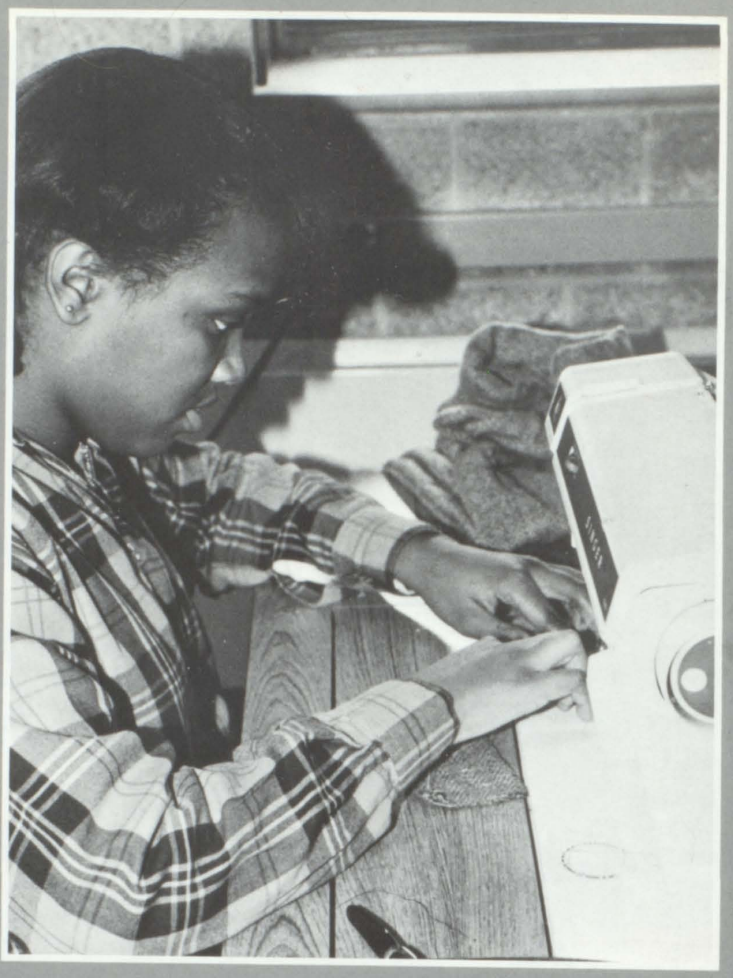

PRACTICAL ARTS DEPARTMENT

STUDENTS EDUCATED IN PRACTICAL SKILLS

The diversified Practical Arts Department affords students at Malcolm X Shabazz the opportunity to gain first hand experience in many areas. The main goal of Department Chairman Irving Mitzman and his teachers is to help students to develop and clarify skills that will allow them to make constructive contributions to their own families, homes, communities and personal lives — both present and future.

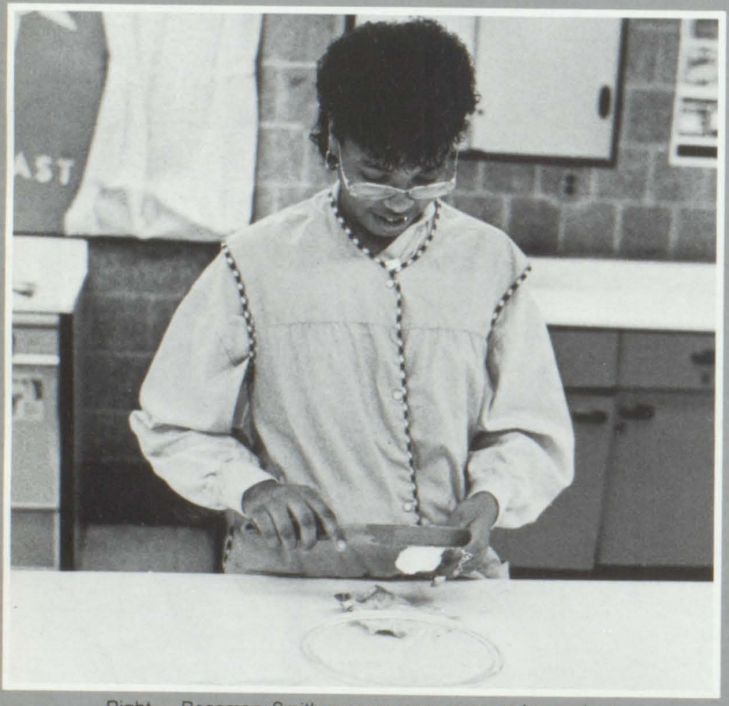

The traditional Home Economic courses are offered, in addition to Child Development, which allows students to work with youngsters in a nursery. Various Industrial Arts classes are available, including Auto Shop, where students actually learn to service cars.

Some Practical Arts instructors are involved in the teaching of Social Growth to all freshmen. This course was devised to help 9th graders make the transition from grammar school to high school. Students are taught to understand themselves and how to relate to others. They are also exposed to all subjects offered in the Practical Arts Department.

STUDENTS EDUCATED IN BUSINESS SKILLS

The Business Department at Malcolm X Shabazz offers a variety of courses in business education, secretarial studies, accounting and the processing of information by way of computers and word processors. Courses in General Business, Business Math, Record Keeping and Typing are available to students who wish to take foundation courses in preparation for a concentration in Business; or for students who simply want to acquire the knowledge and skills necessary for personal use as consumers and citizens. Courses in Stenography, Accounting, Business Law, Advanced Typewriting, Business Machines/Keypunch, Computer Programming and Secretarial Practice are available for students who wish to receive preparation for careers in Business office or pursue further study in Business or 4 year college.

Some career fields in which our students enter are Secretarial-Executive, Medical and Legal, Word Processing, Business Management, Accounting, Computer Operator, Computer Programmer, Computer Technician, Clerk Typist, Business Teacher, Sales and Merchandising.

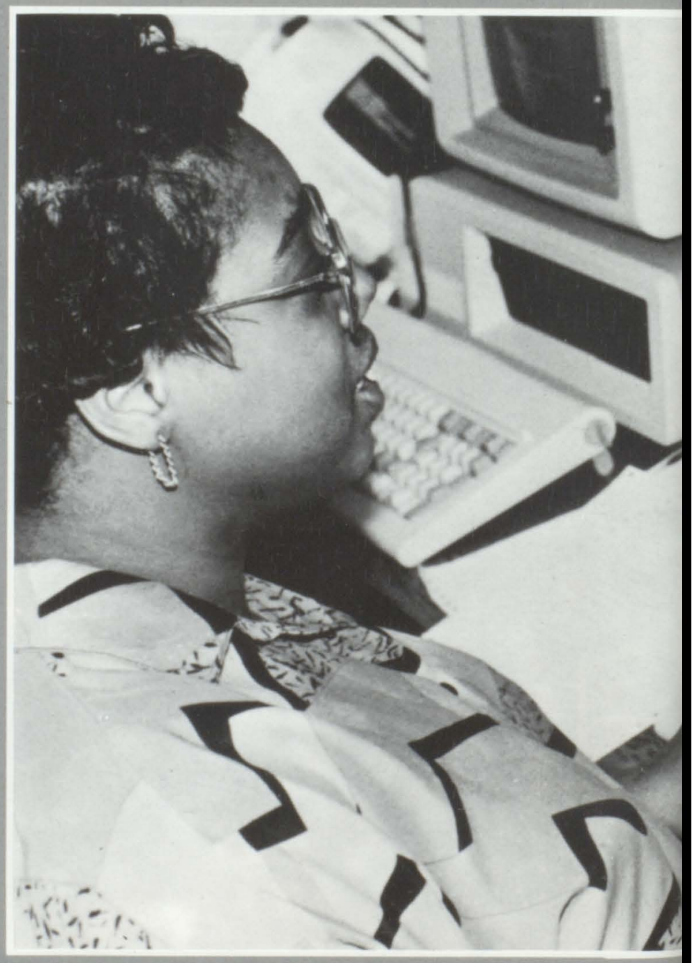

Our Cooperative Office Education and Distributive Education Work Programs help non-college bound students interested in office or sales work to get a head start during their senior year.

"NO PAIN — NO GAIN"
PHYSICAL EDUCATION DEPT.

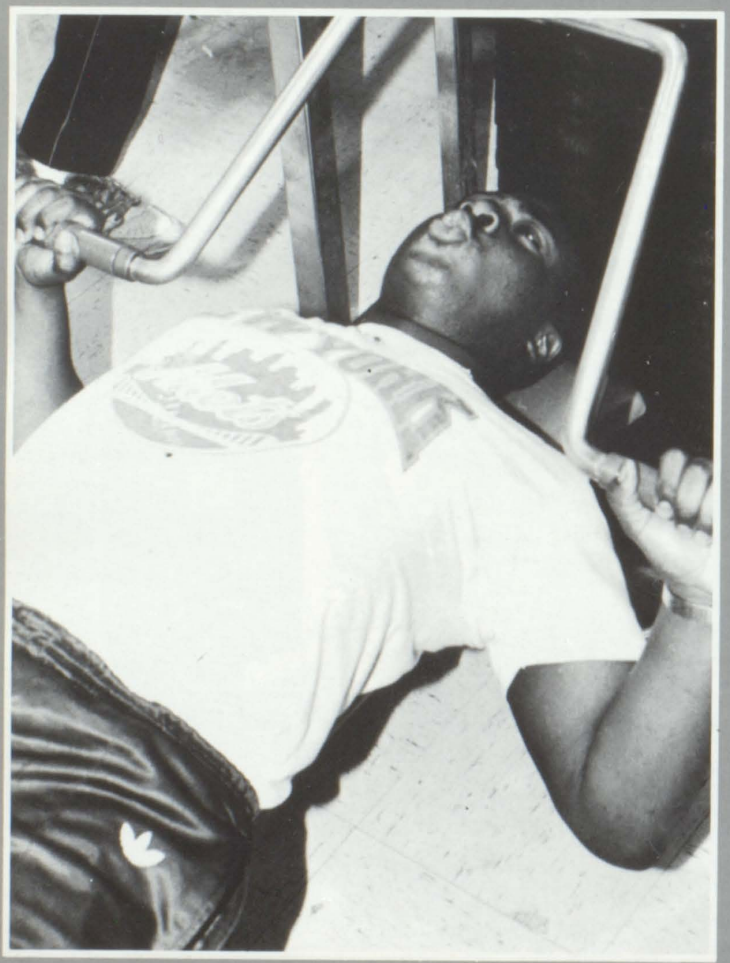

The aim of the Physical Education Department, under Chairman Vincent Finch, is to develop, in our students, an awareness and an intelligent understanding of the need for physical activity. Students are offered the opportunity to acquire skills that will increase efficiency of movement and enjoyment of leisure and contribute to the maintenance of health.

The philosophy of education **through** the physical — demands a program which has a wide range of activities rich in opportunities for self-expression.

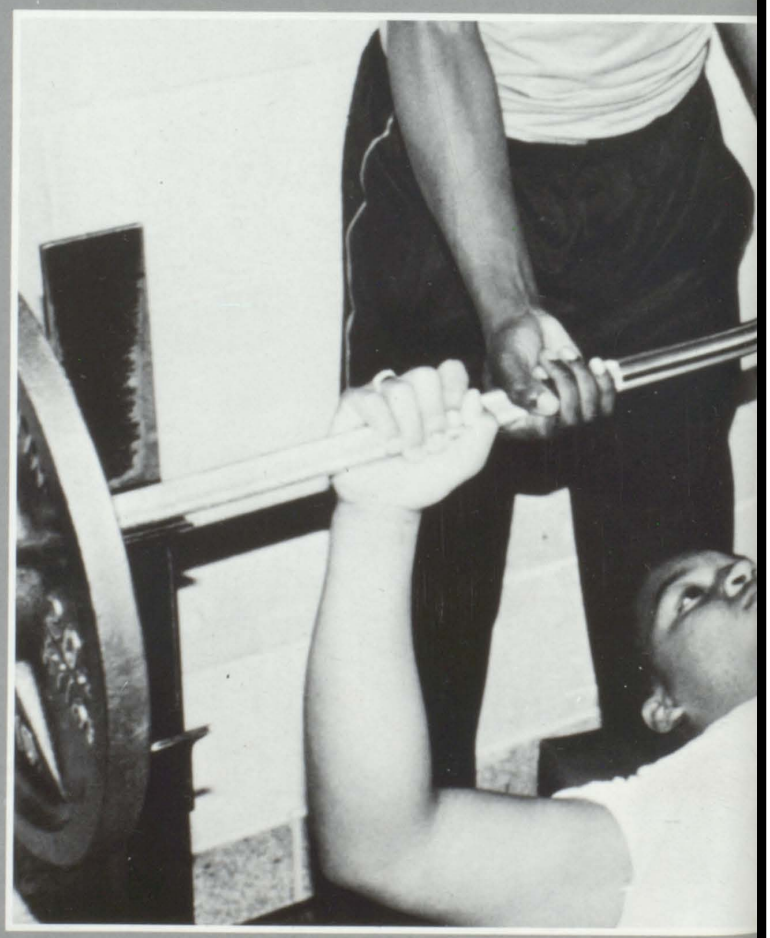

Besides the broad curriculum, the department provides an intramural program of athletic activities as varied in scope as facilities will permit.

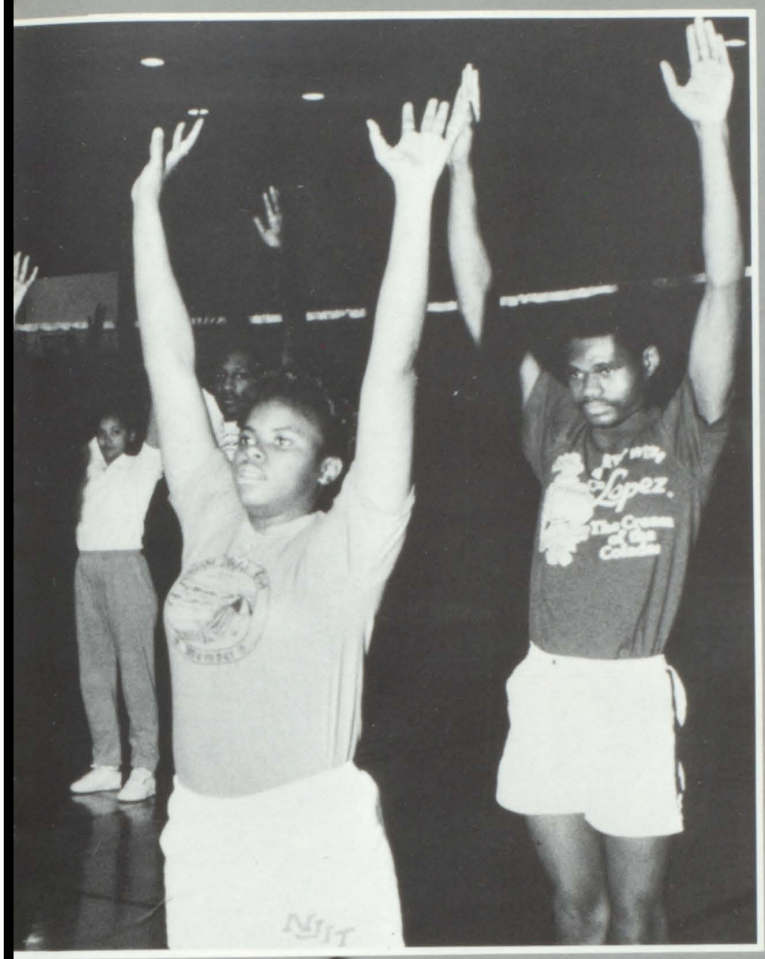

Right — Seniors in gym class perform warm up stretches.

SCIENCE DEPARTMENT

TEST TUBES, FLASK & BEACONS

"Great discoveries and improvements involve the imagination of many minds. I may be given credit for having blazed the trail, but when I look at the subsequent developments, I feel the credit is due to others rather than to myself."

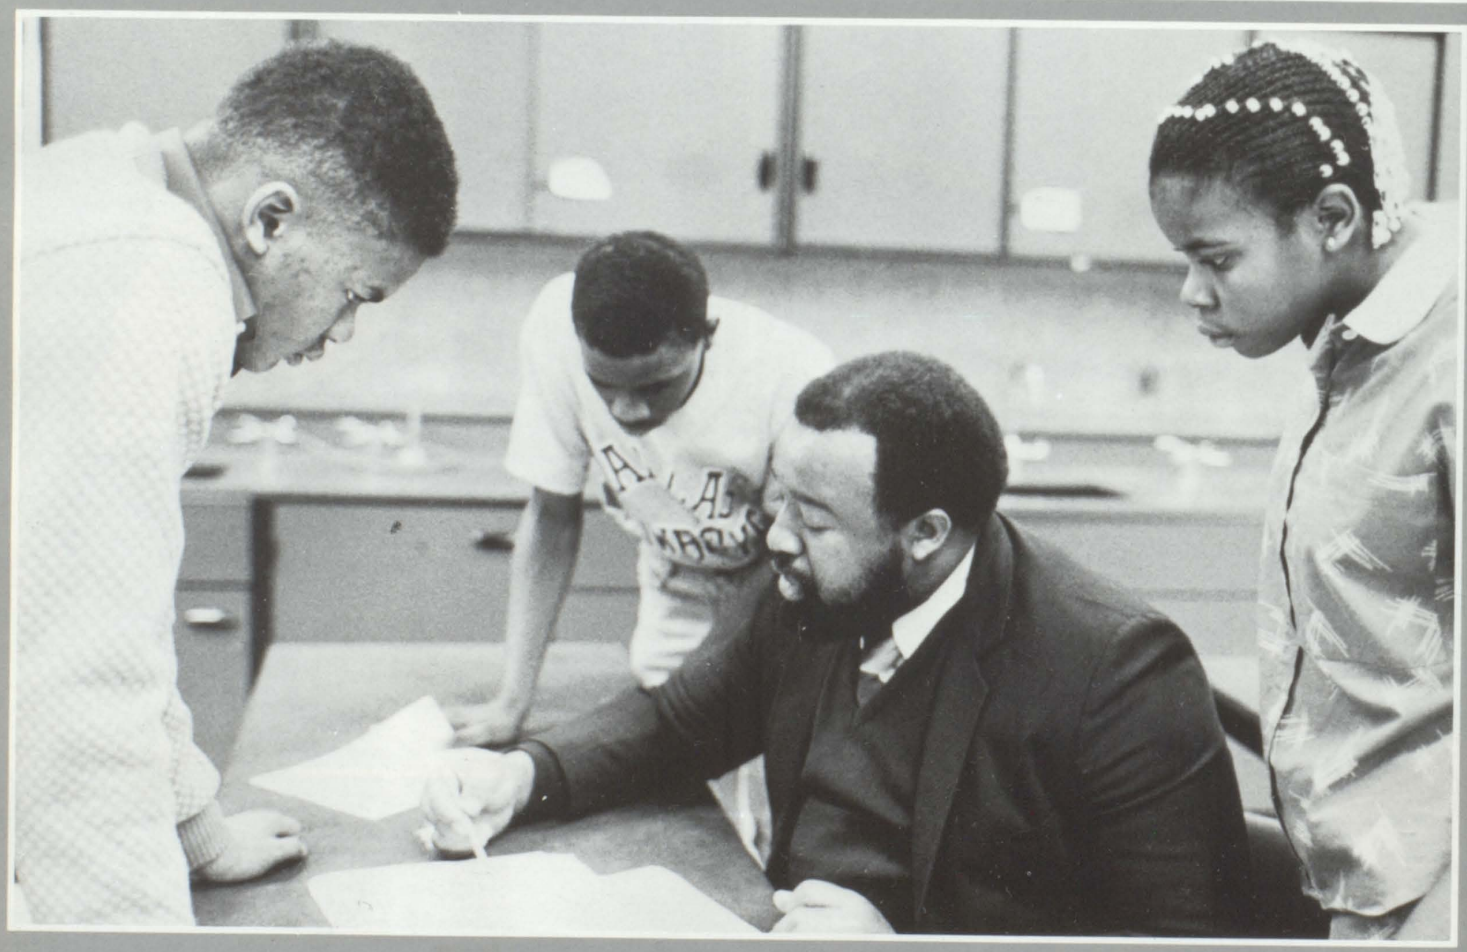

This statement was made by Alexander Graham Bell many years ago, but it rings true today as one contemplates the many minds and vast expenditures involved in the effort to conquer space and the seemingly vain attempt to defeat the killer, cancer.

Such considerations impel Science Chairman Harold Wharton and his faculty to lend their efforts towards developing quality students in the area of science. The courses are designed to provide fundamental training in the sciences for students to meet requirements for graduation, as well as more advanced technical training for those college prep students who may pursue a career in natural science.

Right — Mr. Salama concludes Chemistry experiment.

Below — Mr. Oxford goes over mid-term exam with Rashon Hill and Kenneth Lyons, as **Sheila Johnson** looks on.

SOCIAL STUDIES DEPARTMENT

EXPLORING OUR NATION'S HISTORY

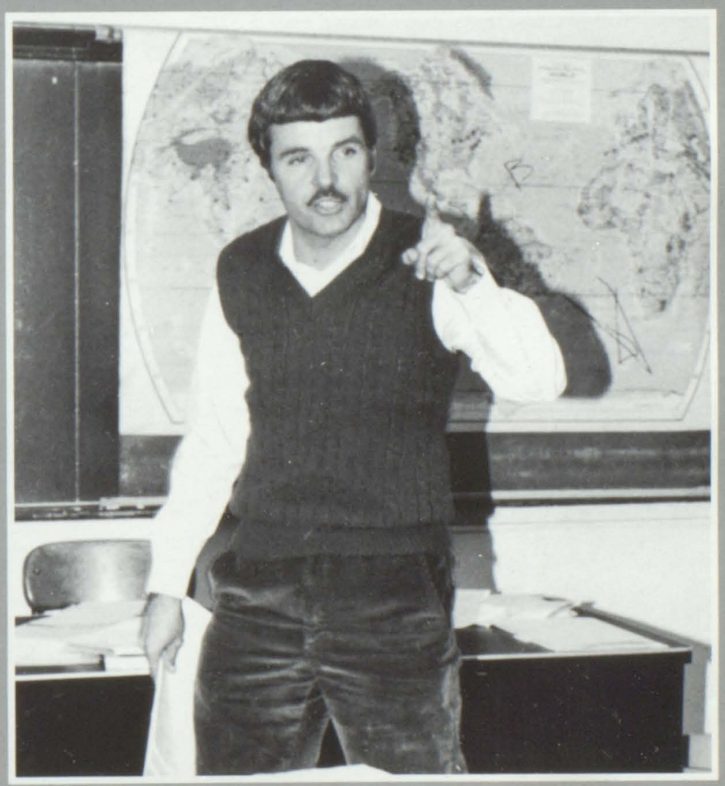

As the world grows smaller and the inter-relationship between cultures becomes more complex, the Department of Social Studies finds itself taking the duties more seriously as it goes about the task of representing several integrated curricular concerned with one aspect or another of human relations.

The knowledge of understanding of the background and present behavior of man, as well as his future actions, is the main objective of students taking courses in this department. It is easily seen that a knowledge of the courses offered in this department can be of great value to the students in understanding himself and his place in society, as well as understanding others and their places in society. Knowledge of man and his reaction to society is useful in almost every phase of life in practically all types of vocations — government employment, civic work, clerical work, sales positions, and most certainly in the professional fields of education, medicine, law and theology.

The primary concern of Department Chairman Jack Korbman is to create an atmosphere where students are willing to work to achieve their optimum development, in addition to receiving credits for those courses that are required for graduation.

FOREIGN LANGUAGE DEPARTMENT

MAKING FOREIGN LANGUAGES FAMILIAR

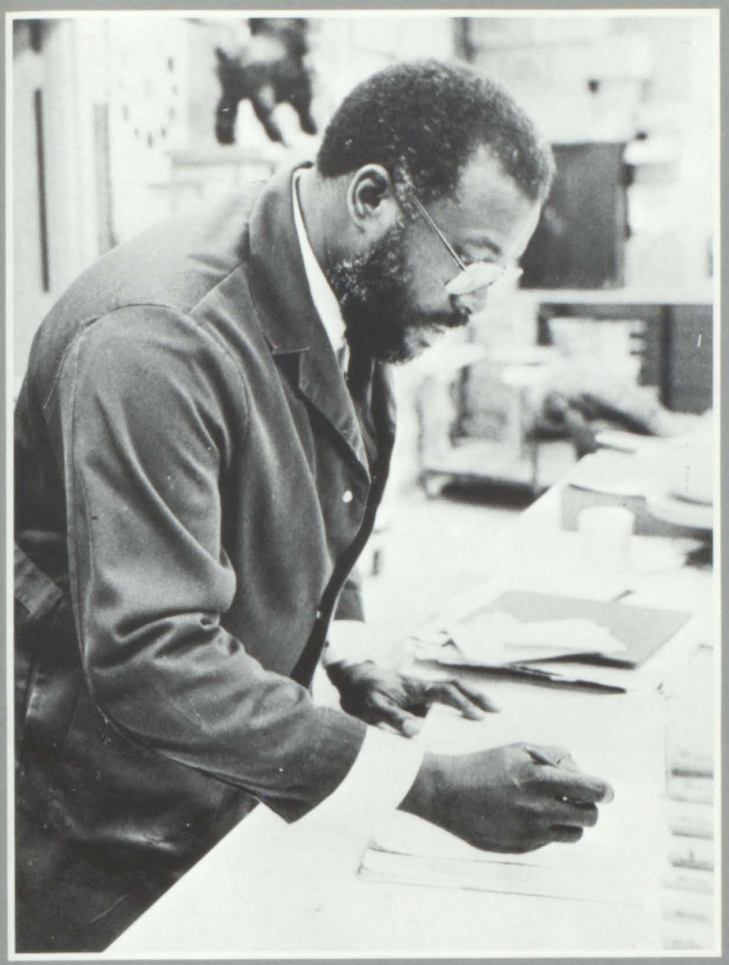

The influx of students to our area from South and Central America and the Carribean makes the teaching of foreign languages imperative.

The Foreign Language Department at Malcolm X Shabazz offers courses in French and Spanish. Learning to speak Spanish is necessary, not only for future use, but also for current communications among the student body.

Each year at Christmas time, the Spanish classes travel throughout the building serenading the student body and staff with carols sung in Spanish.

Right — Mr. Mayes tests his knowledge of Spanish on Mrs. Delvecchio's class.

FINE ARTS DEPARTMENT

ART AS A LANGUAGE

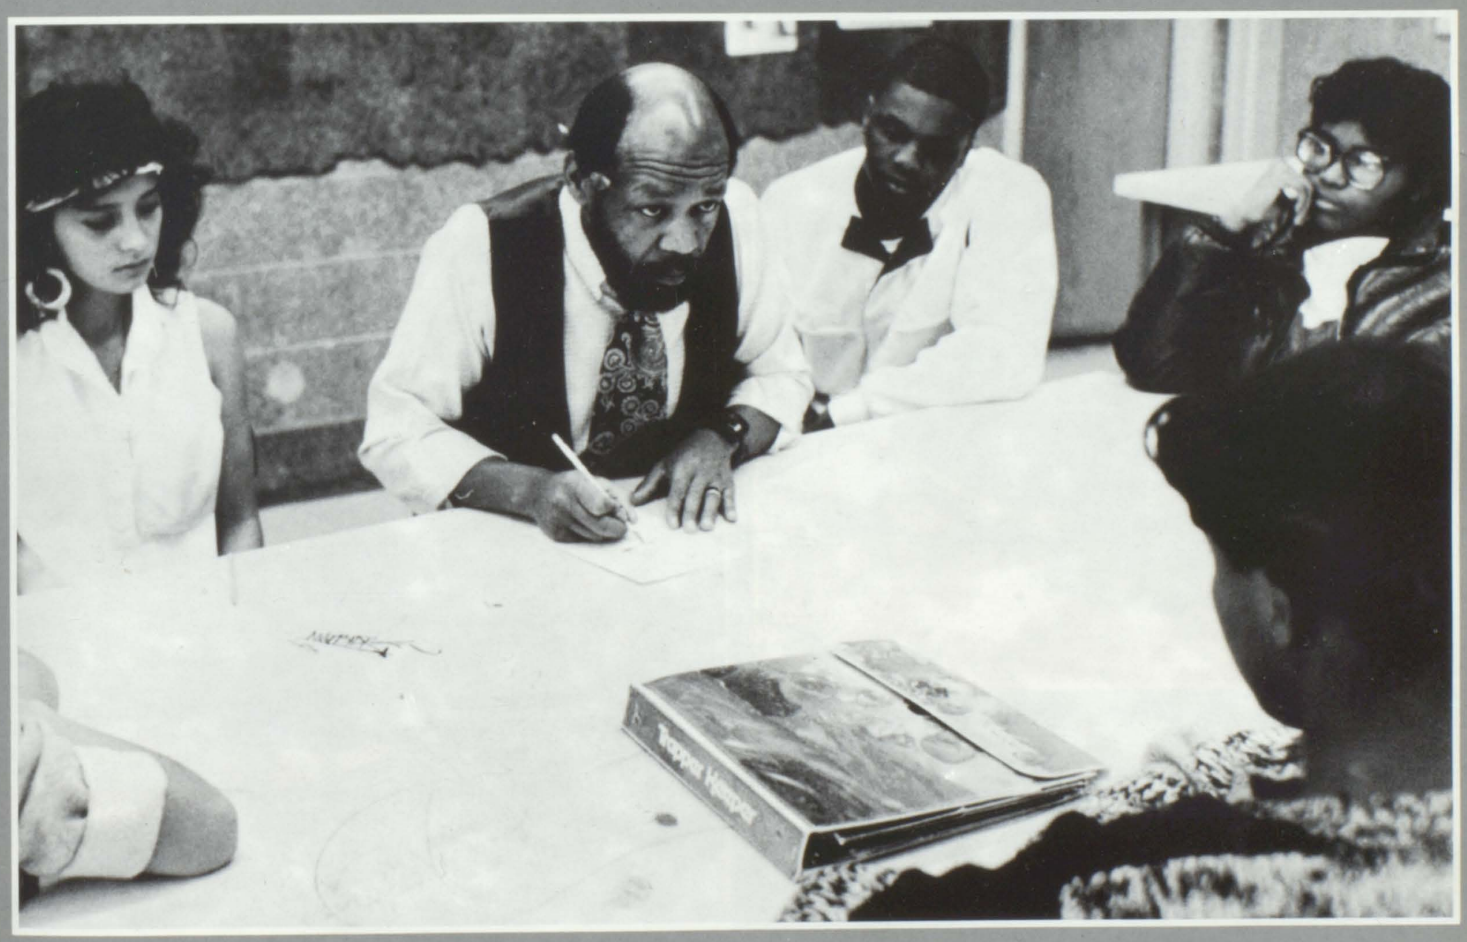

Wherever men and women have lived together, art has sprung up among them as a language charged with feeling and significance. The desire to create this language appears to be universal. It shows itself in all societies and in all ethnic divisions of mankind — black or white, red or yellow. It has become a very part of man's need to impose his will upon the universe; to bring order out of chaos; to endow his moments of highest awareness with enduring form and substance.

The Fine Arts Department at Malcolm X Shabazz has brought art and music a long ways from its primitive stages, but they have retained their connection with the spring of human feelings, with the accents of joy and sorrow, tension and release.

The Fine Arts courses offered at Malcolm X Shabazz allow students to continue in the tradition of using music and art as a language that transcends the barriers men put up against each other.

Left — Art Instructor Paul Johnson takes attendance before starting day's lesson.

Below — Mr. Ray Ormsby demonstrates sketching face of student.

MATH DEPARTMENT
FIGURING IT OUT

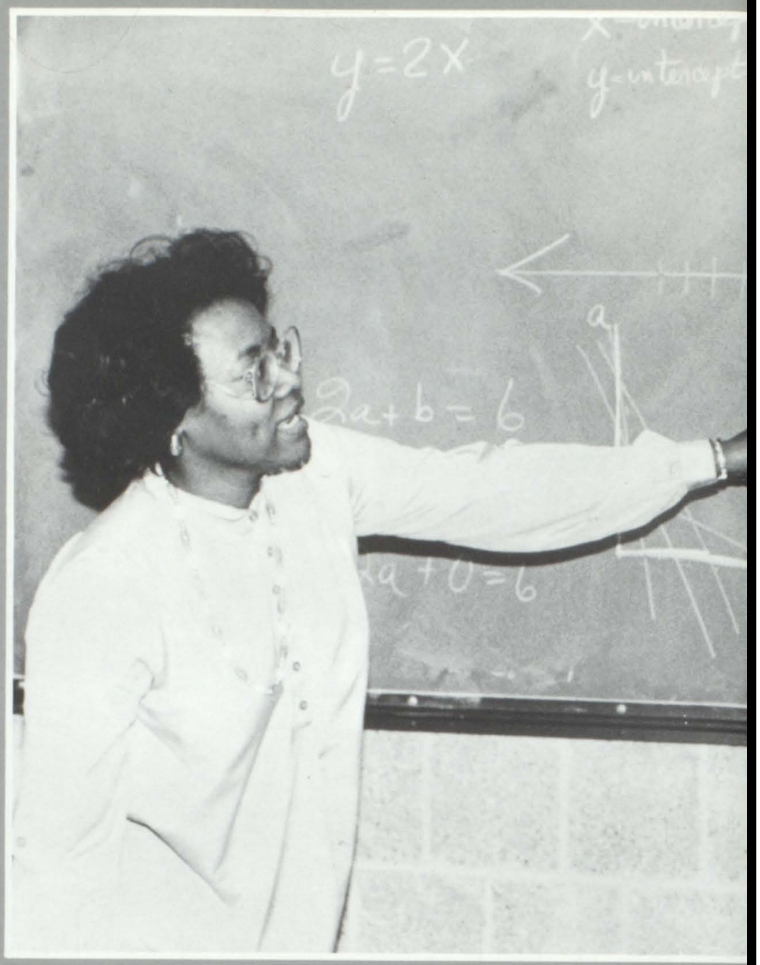

The function of the Math Department is to stimulate students to develop a working knowledge of basic math skills in preparation for employment or daily life.

Courses for the college bound students or the exceptional individuals are in the curriculum at Malcolm X Shabazz. In this age of rapidly advancing technology and the use of computers, the knowledge of Mathematics becomes increasingly significant.

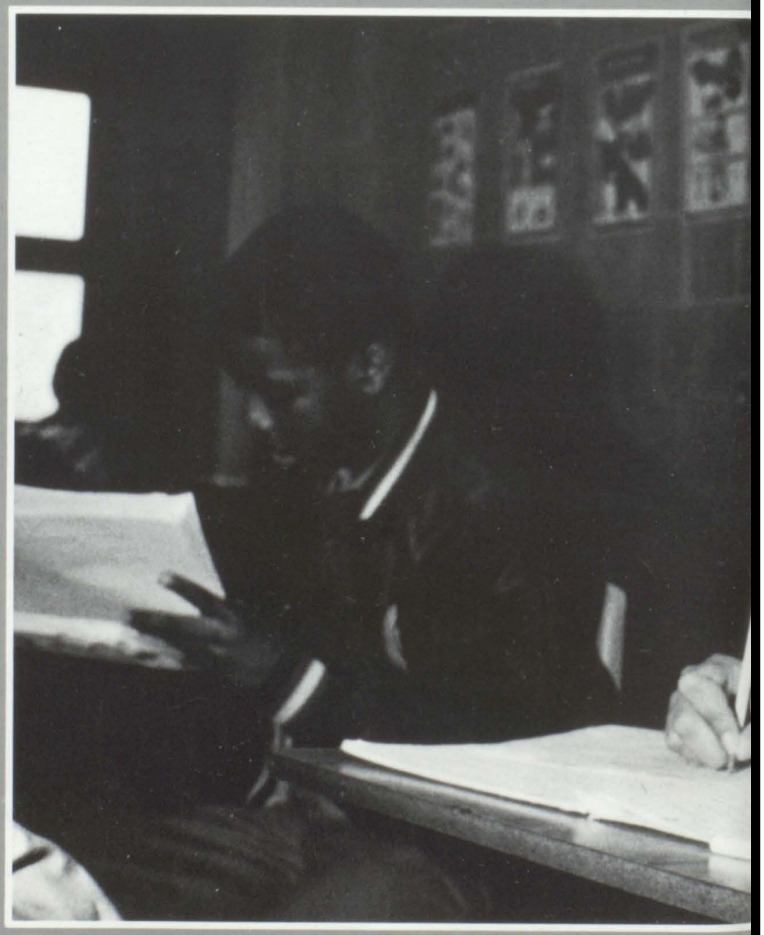

Chairperson David Swanson strives to keep his teachers equipped with the tools necessary to prepare students with skills to meet the demands of this technological age.

ORGANIZATIONS

A MASTERPIECE IN THE MAKING

It is the duty of the Optimist Staff to create the most expensive project of the senior class — the yearbook or annual. Selecting a cover, developing a theme, and recording stories and photos of events of the year that will become more precious in the years to come provide to be a very time consuming task.

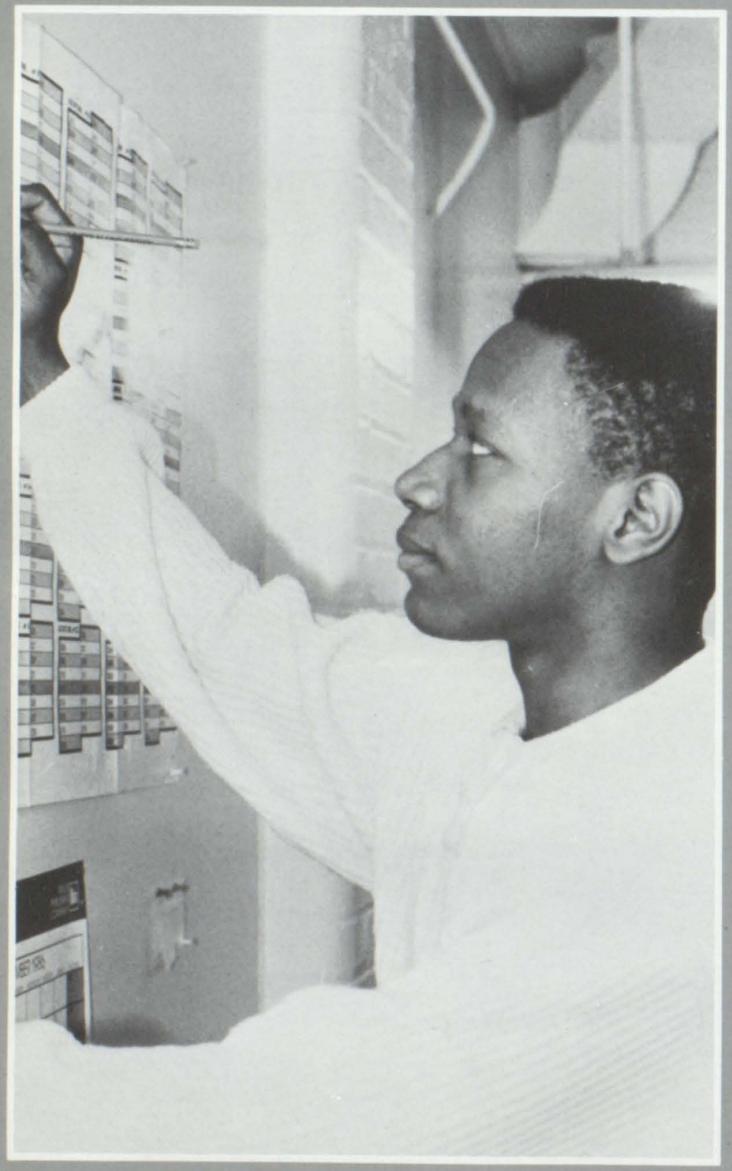

Staff members include co-editors Sheila Johnson and Denise Epps, Keisha Hill, John Strickland, Kerry Thompson, Shirlyn Glasgow, and Sharon Jakes.

Under the leadership of staff advisor, Mrs. Betty Prezzy Bryant, we, the Optimist Staff, feel that we have created an annual that will prove to be priceless in the years to come.

NATIONAL HONOR SOCIETY

Enrolled in the Malcolm X Shabazz Chapter of the National Honor Society are four inducted members.

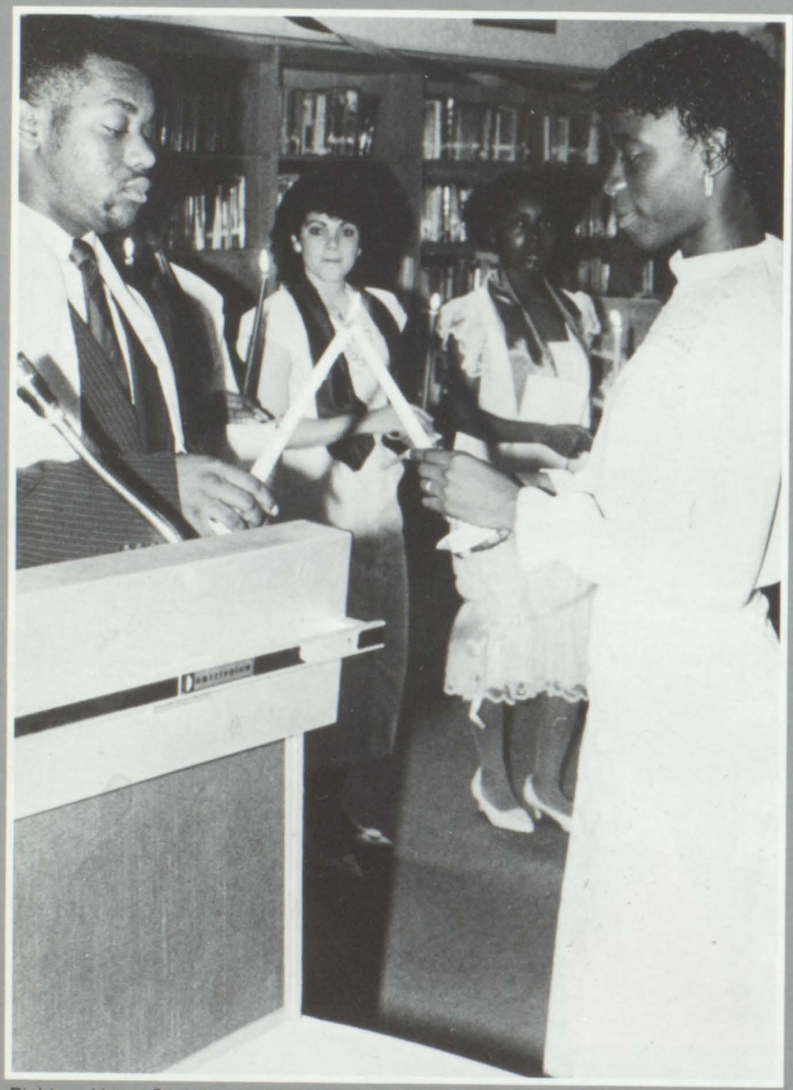

The National Honor Society is a prestigious organization, which recognizes students who have attained and maintained at least a 3.0 grade point average and who exemplify the qualities of scholarship, service, leadership and character.

The first chapter was chartered in 1921. Membership is a strong reference to a student's character and provides an impetus for consistent academic achievement and service to the school.

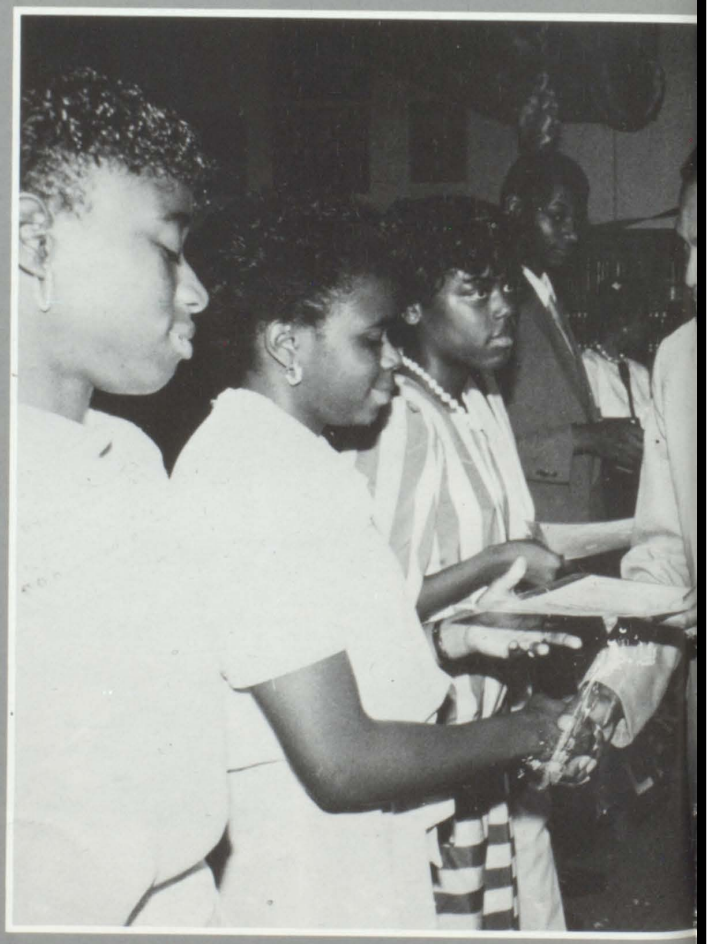

Right — *Nicole McIntosh, Sheila Johnson, Denise Epps,* Kevin Barber (1986 graduate), and *Alden Allison* take oath.

DEBATE TEAM

The Debate Team, under the leadership of Mrs. Princess Towe, engages in wholesome interdebate competitions throughout the New Jersey, New York, and Pennsylvania areas.

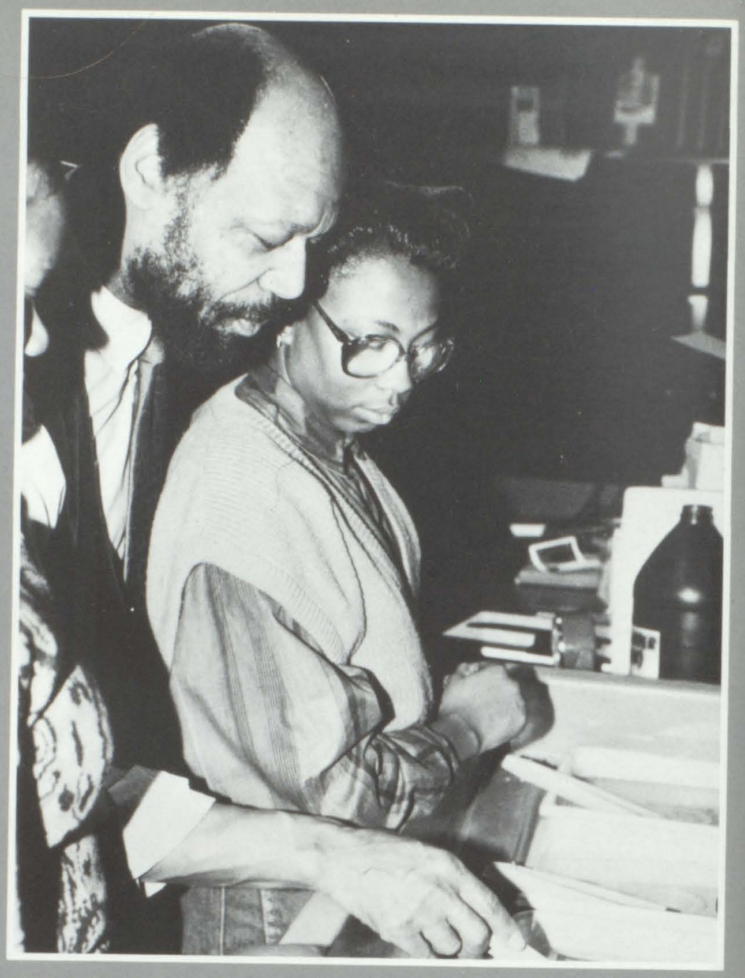

Emphasis is placed on development of public speaking skills, research skills, and thinking skills.

The team is a novice team, in its fourth year of competition.

Left — McKendall practices for next debate.

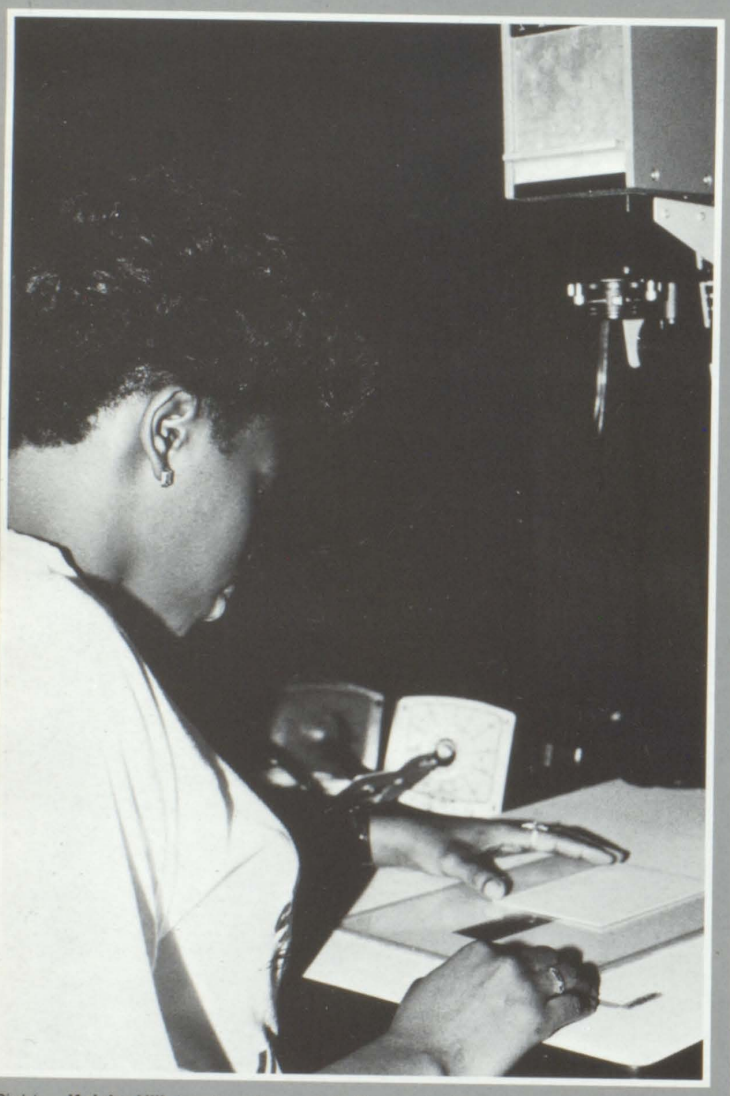

PHOTOGRAPHY CLUB
"WATCH THE BIRDIE!"

The Photography Club was formulated to promote an interest in photography. Students gather weekly, under the guidance of Mr. Ormsby, to discuss how and why to take pictures. They learn about the different types of cameras and how to operate them. They are also taught to develop film and enlarge images. The club takes field trips and often makes displays around the school of photos that they have created.

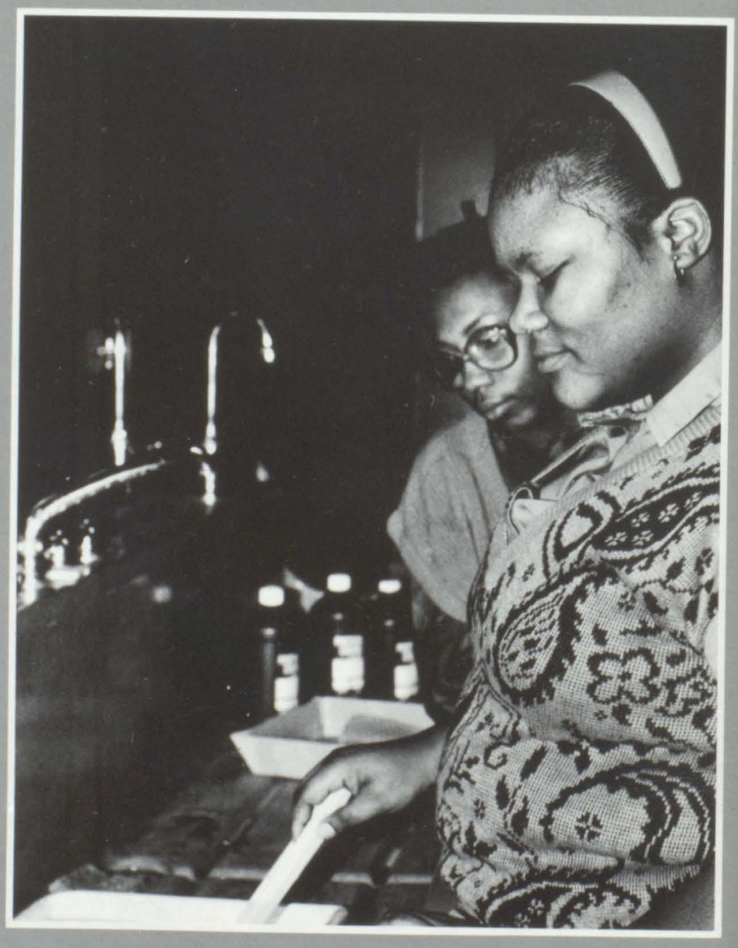

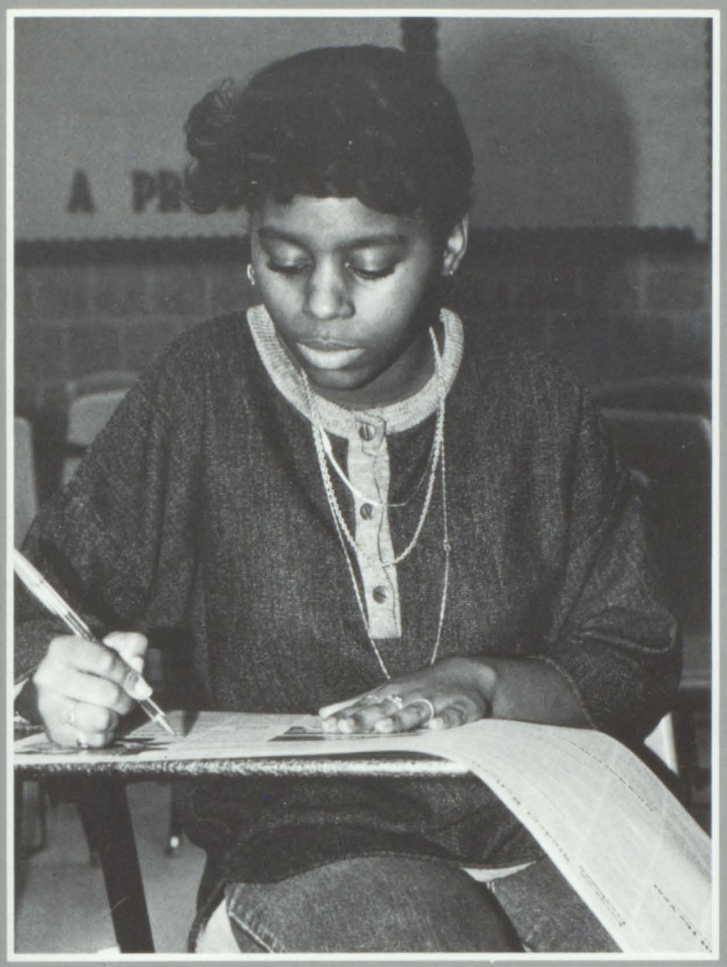

Right — Mr. Ormsby assists Lilly Thomas on developing film.

Right — **Keisha Hill** develops film, as Lilly Thomas looks on.

THE RECORDER
"EXTRA! EXTRA! READ ALL ABOUT IT!"

The school newspaper, The Recorder, is a club that teaches all aspects of gathering and reporting the news, plus graphic layout and editing.

Under the advisorship of Ms. Rosalind Carmichael, the staff publishes five issues during the school year. Attempts are made to include articles that are informative as well as entertaining.

Left — Shakita Brown proofreads story.

Below — Ms. Carmichael assists Cassandra McKendall with layout.

POSITIVE ACTION CLUB

PEER COUNSELING WORKSHOP

The members of the Positive Action Club serve as peer counselors to help fellow students deal with problems that develop from peer pressure.

Under the leadership of Mr. Leamond Downing, the PAC, annually, hosts a peer counseling workshop at Malcolm X Shabazz. Fellow counselors, from high schools all over the city, are invited to be updated on facts concerning the use and abuse of drugs.

Guest speakers from various organizations that deal with drug use and abuse are invited to speak and answer questions in a rap session.

Some of the peer counselors have been trained to handle the hotline for depressed teenagers at the New Jersey College of Medicine and Dentistry.

Right — Detective Larry Brown of the Crime Prevention Unit speaks to peer counselors on the dangers of using the deadly drug crack.

Peer counselors participate in 'Get Acquainted Exercise'.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association serves as a liaison between the student body and the administration. Under the leadership of Ms. Fran Tobin, the organization also organizes the activities aimed at promoting student morals and community awareness.

Below — (Bottom Row) Catherine McNeal, Yosheica Jenkins, Charlonda Baldwin, Rovenia Shelton, and Shannon Brown. (Top Row) Cassandra McKendall, Celeste Islam, Advisor Fran Tobin, Darrian Malone, and President Alden Allison.

BILALIAN STUDENT UNION

Below — (Bottom Row) Dorshia Pitts, Corie Mosley, Denise Heyward, Cynthia Anderson. (2nd Row) Advisor Kathleen Witcher, Stacey Marshall, Avon Jackson, Mark Wright. (Top Row) Cassandra McKendall, Eric Jones, Sharlonda Dunbar, and Charles Thomas.

CHORUS

The Gospel Chorus, under the directorship of Mrs. Doris McNeil, was formulated in 1982. The main function of the chorus is to learn the origin of gospel and spiritual music and to relate its value to others as a true art form of black culture.

Each year, the Chorus, accompanied this year by the band, renders an evening in song at the Christmas Concert and the Spring Concert.

BAND

The Bulldogs are indeed proud to once again have a marching and concert band. We welcome band director Richard Davies to the Malcolm X Shabazz family.

The marching band leads parades and performs at football games. The concert band joins the Chorus to perform at Christmas and Spring Concerts.

SPORTS

FEMALES JOIN THE RANK

This year's soccer season was a "learning experience" for the Shabazz squad. There were many new and inexperienced players, who spent much of the season getting used to the special techniques and strategies of the game.

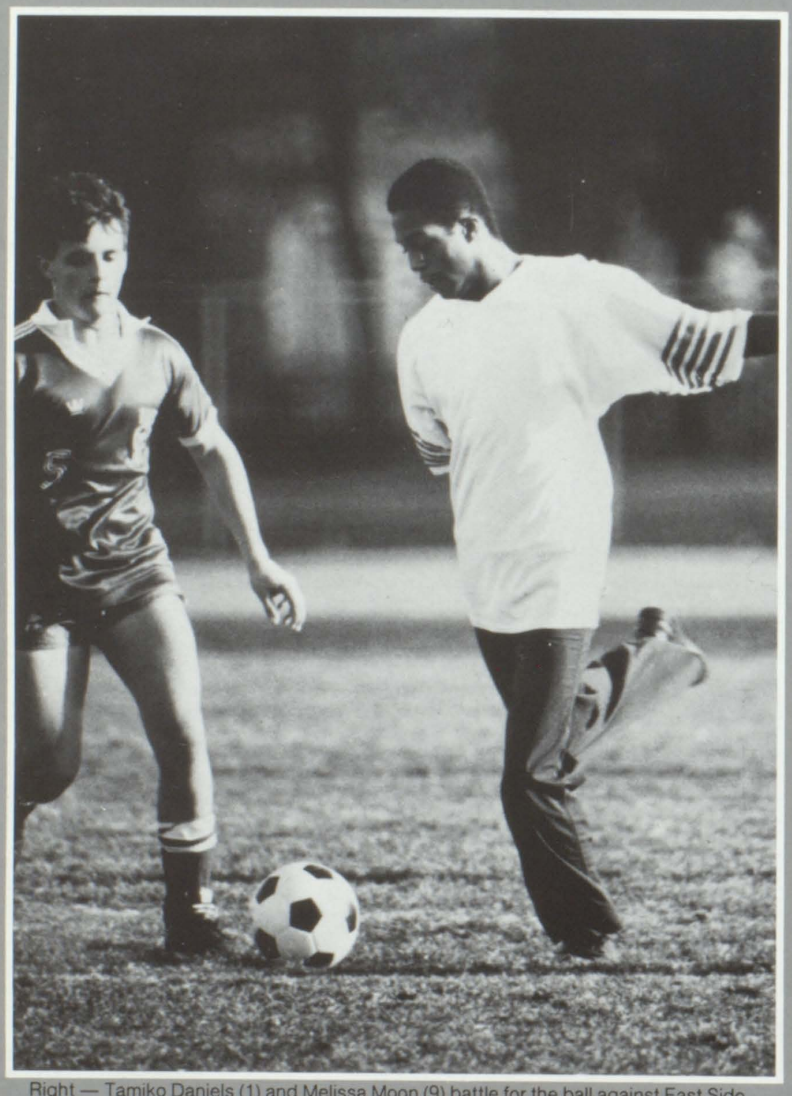

For the first time, there were several female players on the squad, one of whom, Tamika Daniels, was one of our best players. Other outstanding performers were Gary Davis, Freddy Reinoso and Charles Stokes. Zackery Butler was team captain and will return next season, as well as many other players.

With a more experienced team, Shabazz soccer will be looking to add to this year's victory total of only 2.

BULLDOGS SEARCH FOR GRAND SLAM SEASON

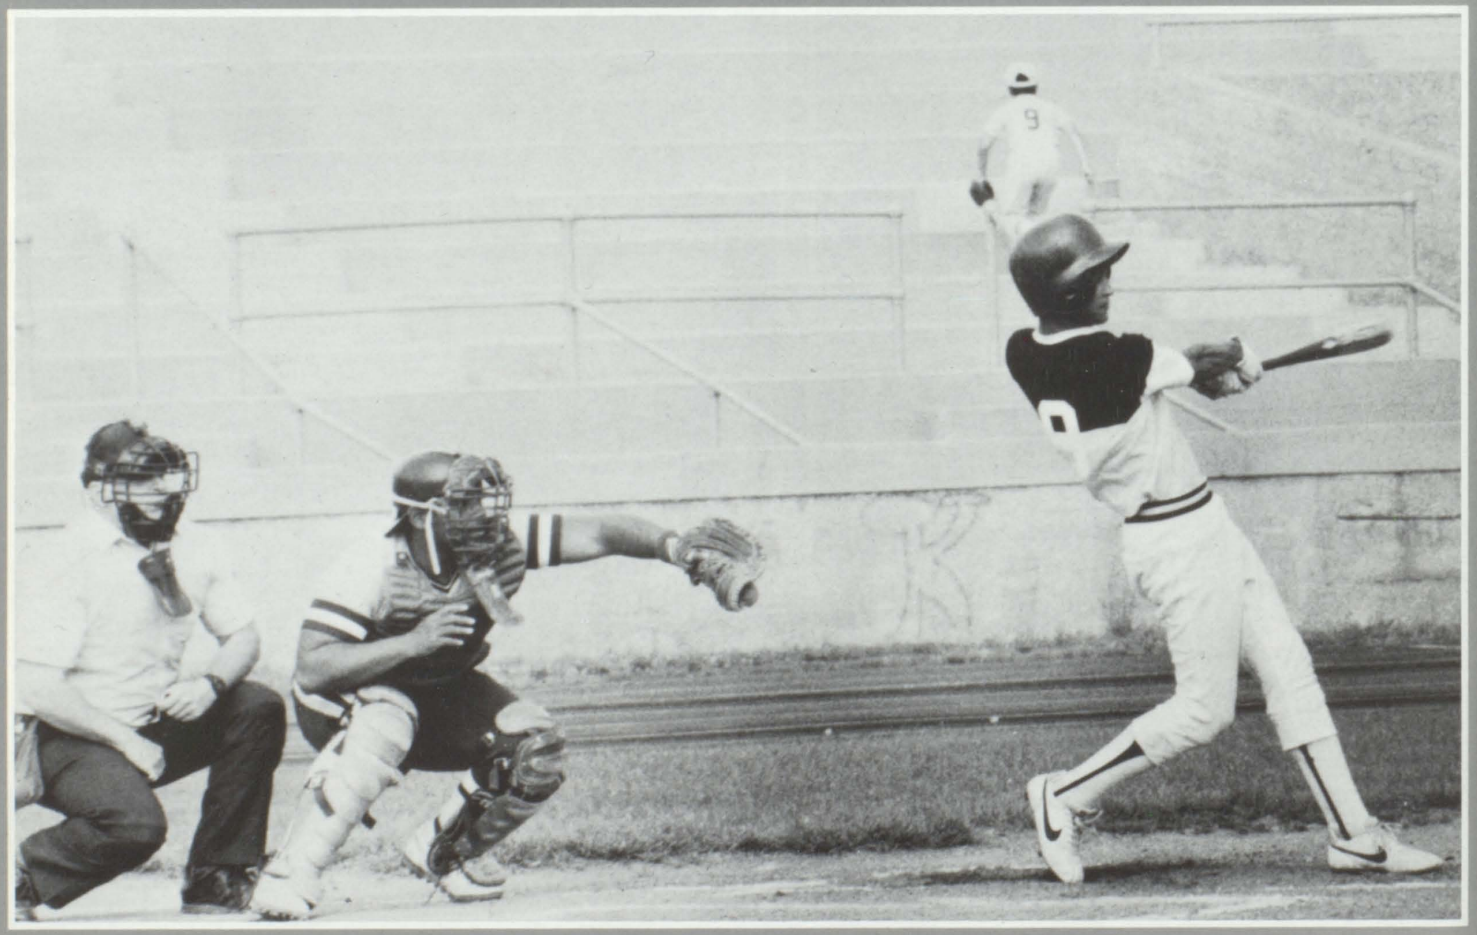

The 1987 Bulldogs, under the leadership of Coach Clinton Jones, are hoping for a winning season.

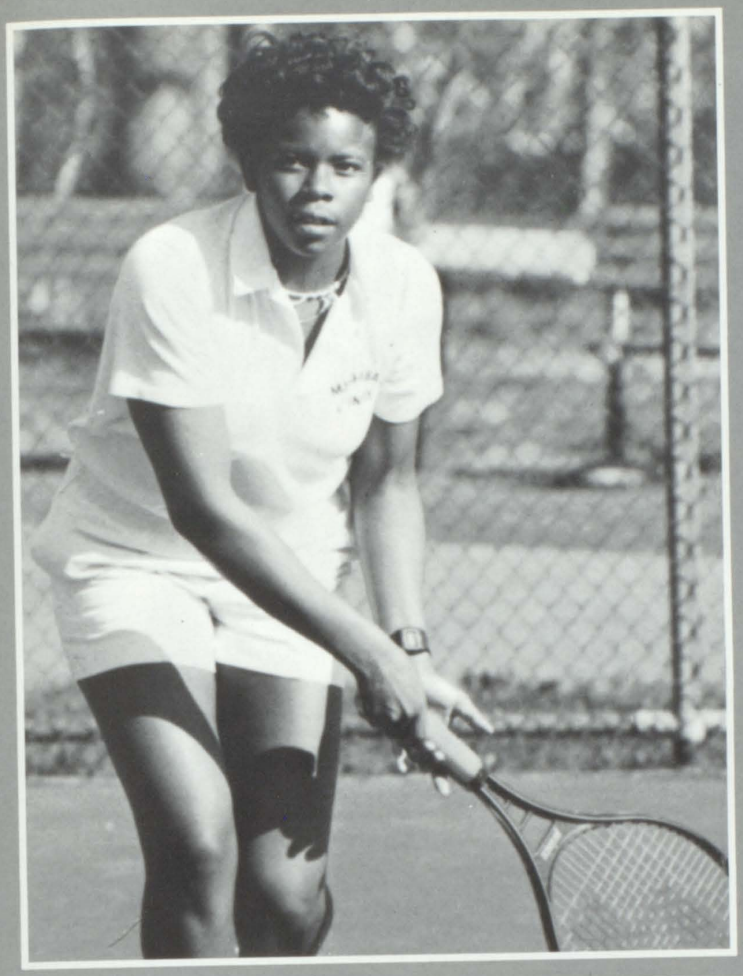

With returning starters Marcus Thomas, Isreal Vallé, and team captain Nathaniel Giles leading the line up, Coach Jones feels that his squad has a fighting chance at winning the city title. Other veteran members of the team are senior Vincent Hutcheson and Michael Holt.

DUDLEY AND DEFENSE IMPROVE SEASON

Under the guidance of head coach Clinton Jones and assistant coaches Willie Marsh, David McCombs and Gilbert Battles, the Bulldogs finished the 1986 season with 3 wins and 6 losses, finishing .500 in the city conference.

In the backfield, halfback Christopher Hodge and Derrick McCoy led in total yardage, with a combination of 1,161 yards. Hodge carried the ball 105 times for a total of 587 yards with an average of 5.6 yards per carry.

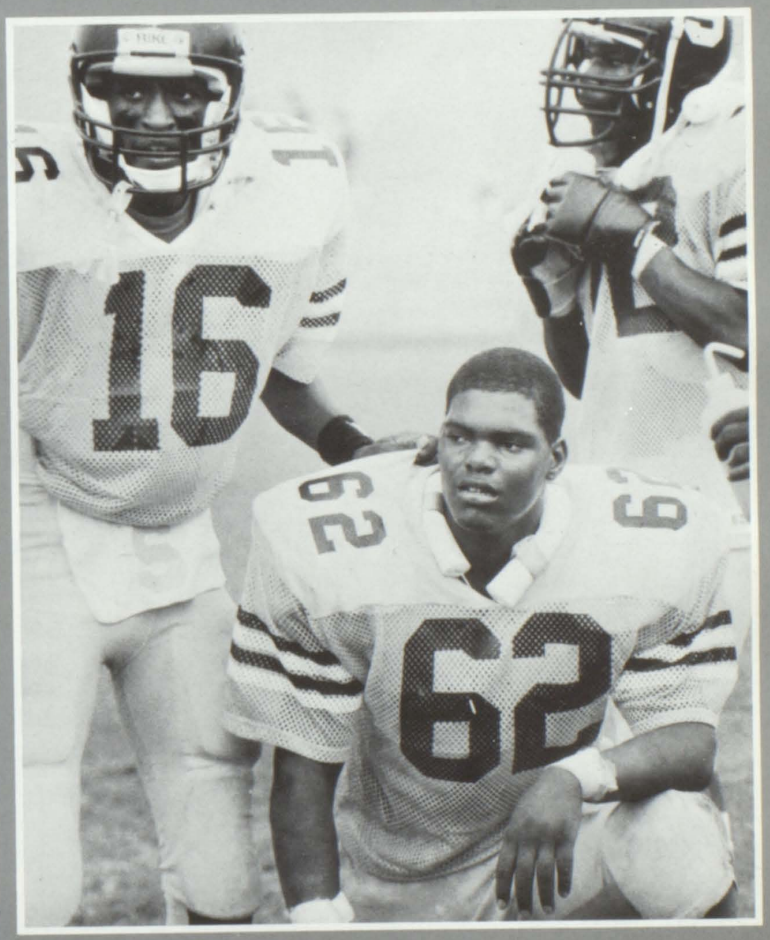

Catching 12 passes from freshman quarterback Thomas Dudley, All County, All City receiver John Strickland had a total of 285 yards, averaging 23.7 yards per reception. Raymond Johnson, whose blocking ability helped the Bulldogs, was the second leading receiver.

The offensive line, made up of Dana Green, Kerry Thompson, Abraham Dickerson, Troy Johnson, and Robert Robertson, were small but quick. They continually came up with the big plays, rolling up over 2,000 offensive yards.

Defensively, the Bulldogs were sound against the run and the pass. Linebackers Nate Giles, Kerry Thompson, and James Dunnell along with linemen Robertson and Johnson, were the key men to the defense.

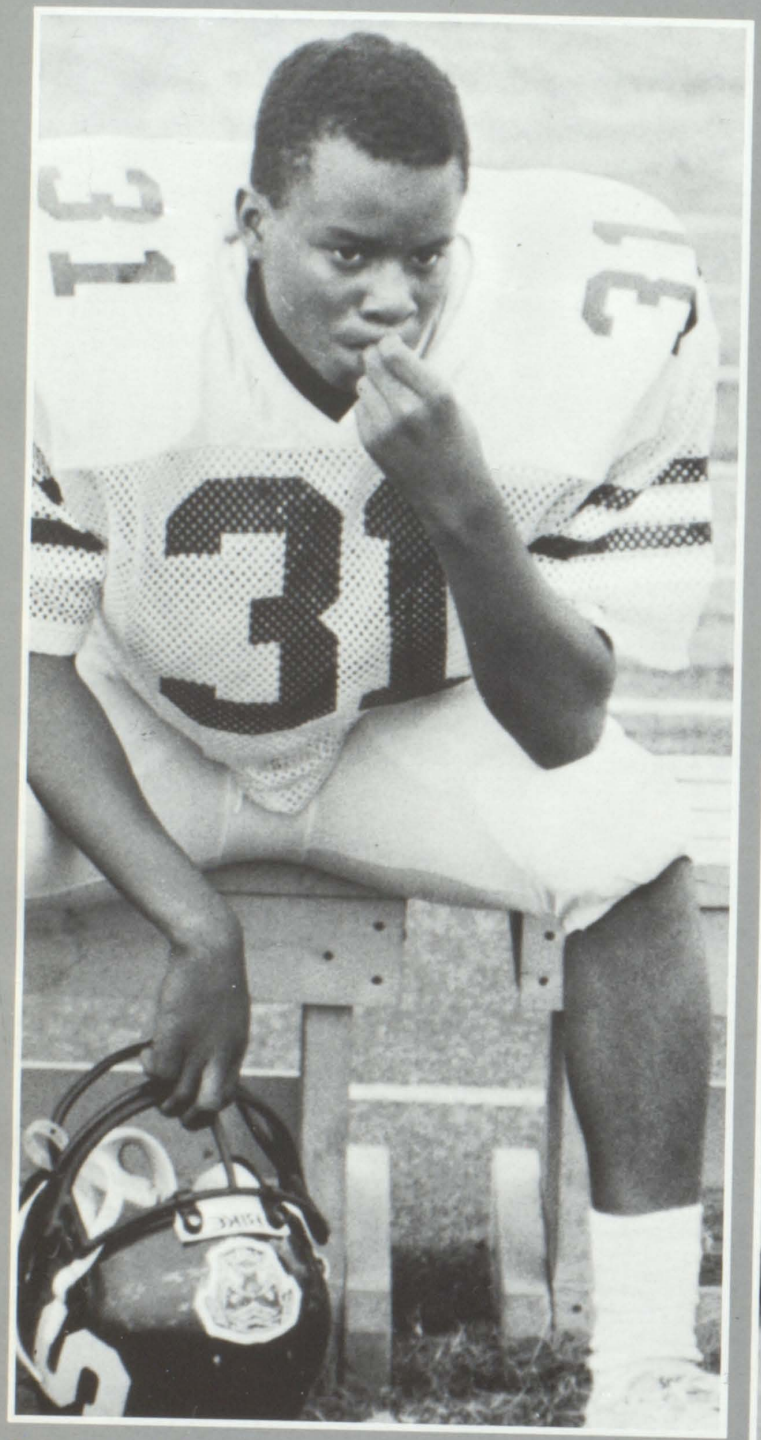

The Bulldogs had strong bench support from seniors Harold Cowan, Elliot Morse, and Maurice Hawkins.

CITY LEAGUE CHAMPIONS

AVENT LEADS BULLDOGS TO NORTH JERSEY CHAMPIONSHIP

The 1986-87 Bulldogs, led by starters **Anthony Avent, Robert Bethea,** Reginald Collins, Alray Blackman and Malik Cox, clinched championship in the Newark Christmas Shoot-out, the Newark City League, and North Jersey Section 2 Group 3. The Bulldogs were defeated in their quest for Group 3 State Championship in the final game at Rutgers in Piscataway by Bridgewater West.

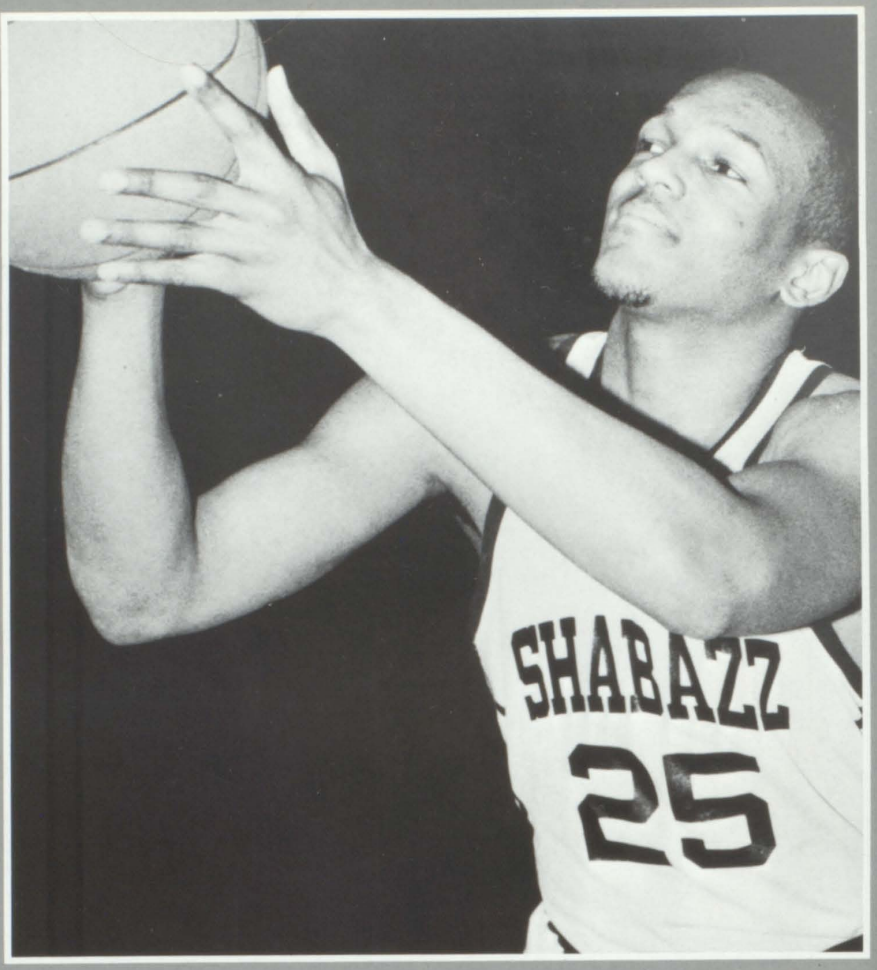

6′9″ senior center Avent was named to the All County Team, All State Team, North Jersey All Star Team, and Converse All American Team. Per game, he averaged 24.5 points, 19.4 rebounds, and 8.6 blocks, steals and assists. 6′2″ forward Collins, considered to be one of the top five juniors in the state, averaged 18.1 points, 9.1 rebounds and 5.6 steals and assists per game. 6′3″ senior forward Bethea provided the inside muscle needed for boxing out and rebounding. Junior guard 5′9″ Blackman was the defensive specialist and steady influence on and off the court, averaging 15.2 points per game. Sophomore point guard 5′4″ Cox, known to Bulldog fans as "EASY," fascinated crowds with his majestic ball handling and high off the glass "easy" shot. Juniors Al Calloway, Robert Major, Alfred "Ice" McMillian, and Norman Perry provide bench strength.

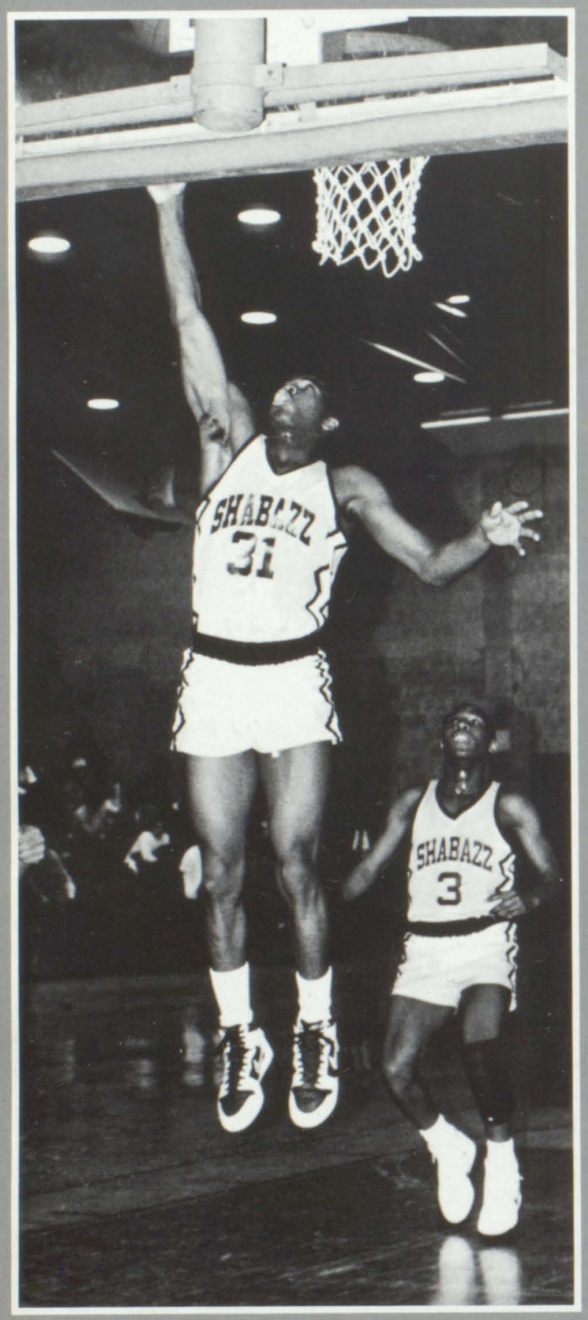

Coach Audrey Reynolds believes that the returning players will provide enough talent to pilot the Bulldogs to another championship season.

LADY BULLDOGS DOMINATE CITY LEAGUE

The Lady Bulldogs, led by seniors **Earlisha Dill, Catrina Miles,** and **Robin Jones,** continue to dominate basketball in the Newark City League, winning the title for the eighth consecutive year. The team also captured the crown at the Newark Christmas Shoot-out. Coached by Ms. Vanessa Watson, Wanda Sims, Cora Kerton, Monessa Dickens, Jessica Garrett, Kenya Goodwin, Tamika Daniels and Tomeka Robinson rounded out the squad.

In their quest for the Essex County Championship, the Lady Bulldogs were eliminated in the finals by their sister team, University High. In the state tourney, they were eliminated in the sectional finals by Mendham.

Dill, a 5′2″ point guard, concluded her four years varsity high school career with 1511 points, 358 steals, handed off 627 assists, and 1.5 rebounds. She was named to the All County, All State, and North Jersey All Star teams. Her aggressiveness and determination to penetrate inside were respected by opposition teams statewide. 5′4″ Miles shot 513 points in her three years varsity play averaging 70% from the line, and a total of 193 steals. All County Jones, a junior year transfer guard, provided excellent defensive power inside, and has a two years total of 488 points, 78 assists and shot 75% from the line.

IN MEMORY OF

REV. JOHN SANFORD THURMAN (1914-1986) PREACHER AND INVENTOR

The late Reverend John Sanford Thurman, Associate Pastor to the Mt. Hebron A.M.E. Zion Church of Hallsboro, North Carolina was the ingenious inventor of the automobile signal light in 1936.

He was self educated in carpentry and bricklaying, a great church worker, a community involver and loyal family man. It was just prior to his death, on May 12, 1986, that he received a patent for inventing the "MOTION SIGNALING SYSTEM" Copyright U.S. Patent Society, Inc. Rev. Thurman's wife, Ida George; five daughters, Marjorie and Joyce Thurman, Claudia Layton, Emma Young and Sarah Mobley; three sons, Franklin, Grayer and Francis; along with numerous other relatives and friends are very proud of this accomplishment.

A TRIBUTE

Yours was a useful life you wrought well while here,
You were generous with your time, and you toiled from year to year.
Many a life did you touch, always doing your part,
Glad to serve when called upon with a meek and humble heart.
Your life was dedicated to things noble and true,
It was no task for you to work — that you wanted to do.
You'll never be forgotten, though you have passed away.
The deeds you left behind will live on each day.
We didn't want to give you up, sleep on and take your rest,
This act of God we dare not question for He alone knows best.

Your loving daughter,
Marjorie Thurman
